

AILMENTS OF YOUNG GIRLS

Relieved by Lydia E. Finkham's Vegetable Compound School Teacher's Experience

Evenston, Wyoming.—"A few years ago I had troubles every month such as girls often have, and would suffer awfully every time. I was teaching school and it made it hard for me as I had to go to bed for two or three days. One day my mother suggested that I take Lydia E. Finkham's Vegetable Compound, which I did, and it did wonders for me. In the course of a year I married and after my first baby was born I got up the soon and it caused a displacement. This troubled me so that I could hardly walk or do my housework. I knew what the Vegetable Compound did for me before so I took it again. It strengthened me and now I have five little kiddies. The eldest is six, the baby is five months old and I have two boys three years old and a boy of five years. I do all my own housework, washing, ironing, and I never felt better in my life. I owe my health to your wonderful medicine and I recommend it to all my friends."—Mrs. VERA CARPENTER, 127 2nd Avenue, Evenston, Wyoming.

The French foreign minister, M. Briand, tells an excellent story of how a friend with a somewhat vitriolic wit scored over a political opponent. The opponent was criticizing in the chamber of deputies, a bill brought in by Briand's friend.
"When," he declared, "I first read the text of the ridiculous and impossible measure I thought I was becoming mad."
"Becoming?" interjected the wit.
"Becoming, indeed! How fond the honorable member is of adding unnecessary words!"

MOTHER GRAY'S POWDERS

BENEFIT MANY CHILDREN

Thousands of mothers have found Mother Gray's Sweet Powders an excellent remedy for children complaining of Headaches, Colds, Feverishness, Worms, Stomach Troubles, and other irregularities from which children suffer for these days and excellent results are accomplished by its use. Pimples

What can I do?

"Oh, why can't I have a skin like other girls? Why do I have to have those ugly pimples, blotches and blackheads?"

"If I could only find something that would clear up my skin and give me back my soft, rosy complexion, I know I would be the happiest girl in the world! What can I do?"

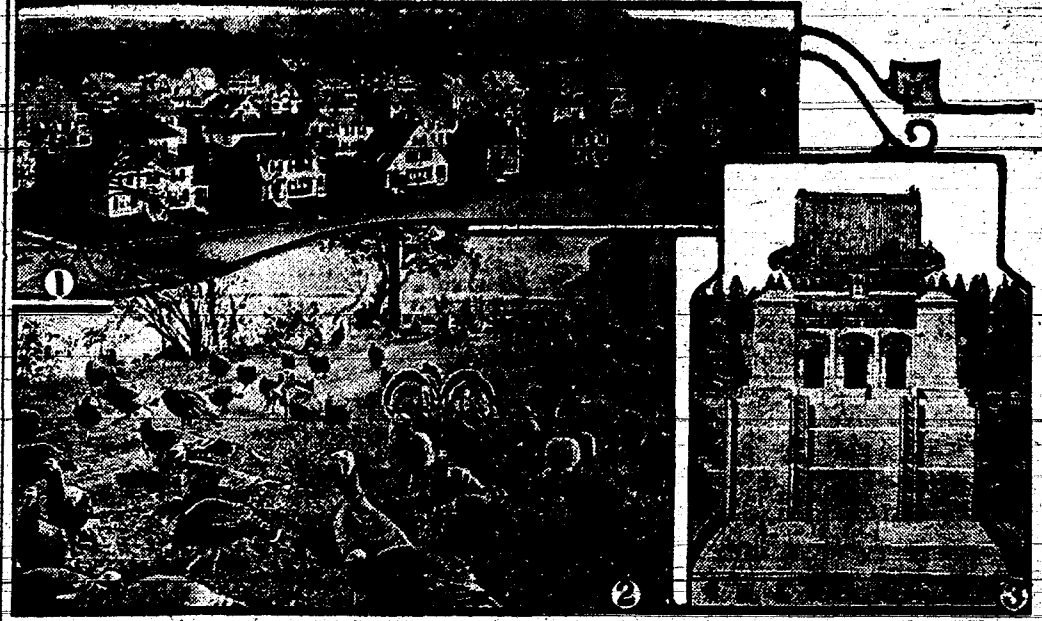

"Is that you talking? If it is, you don't have to worry a minute! Just build up the rich, red blood in your body. Then your skin will be as clear and soft as anybody's."

That's what S. S. S. has been doing for generations—helping Nature build rich, red blood! You can build red blood cells so fast that the impurities that cause breaking out on the skin hardly get into the system before the pure blood annihilates them—kills them right out—stops them from breaking out through the skin.

And then this rich, red, pure blood feeds and nourishes the tissues of the skin and keeps it looking healthy.

That's all there is to it. Healthy, vigorous, red blood such as S. S. S. builds. Not a drop of blood-mercury. No poisons. No drugs. No chemicals. No nastiness. It's all natural. It's beautiful. It's pure. It's healthy. It's S. S. S.

It drives away pimples, blackheads, blotches, rash, boils and eczema—gives you back your appearance. Suffer from pimples, rash and eczema? Get S. S. S. today! It's the only skin cure that's safe, sure and S. S. S. It's more economical.

NEWS REVIEW OF CURRENT EVENTS

Mrs. Lansdowne's Charges Sifted by the Shenandoah Board of Inquiry.

By EDWARD W. PICKARD

MRS. ZACHARY LANSLOWNE seemed to be having considerable difficulty last week in substantiating her charges that the Navy department, through Capt. Paul Foley, then judge advocate, sought to induce her to testify falsely before the Shenandoah court of inquiry. The widow of the ship's commander repeated her story of Captain Foley's call on her and his sending of an outline of what she should say, and in a general way all this was corroborated by others. But it was brought out that it was part of the judge advocate's duty to interview prospective witnesses, and Mrs. George W. Steele, who carried the Foley memorandum to Mrs. Lansdowne, said that on reading it "she manifested no indignation and said nothing whatever about any sinister purpose, nothing indicating any idea that the memorandum represented any attempt to influence her testimony."

A copy of the memorandum was produced by the judge advocate. It reads: "Immediately subsequent to the loss of the U. S. S. Shenandoah I felt it my duty to say for my husband things which he was no longer in a position to say for himself; that he was opposed to sending the Shenandoah on the midwestern trip during the thirteenth period and had protested so doing to the Navy department. My husband regarded the Shenandoah as a man of war. He was ready at all times to take the ship out for military maneuvers, but was opposed to using her for nonmilitary duty."

"Had I known at the time I accepted the invitation of the court to appear before it that the correspondence in the case would have been introduced into the record of the court as it since has I would not have accepted the invitation of the court to appear."

"As things now are I am not only willing but would prefer to leave the entire matter to the judgment of the court in which I have every confidence."

Mrs. Lansdowne admitted that the only statement in this memorandum in which she took exception is that "her husband was ready at all times to take the ship out for military maneuvers but was opposed to using her for nonmilitary duty."

She said if she had given such testimony she would have made her husband out an ignorant fool. Even on military maneuvers he was not ready to go at all times, regardless of the weather, and the use of the phrase "nonmilitary duty," she said, was camouflage for "political flights."

Efforts to involve Secretary Wilbur, made by Mrs. Lansdowne and her uncle, Dr. W. B. Mason, were not impressive.

Joseph E. Davies, late of Wisconsin, was counsel for Mrs. Lansdowne and he created a tumult by insisting loudly on his right to be present and to advise his client in court. He was ejected once but came back in and caused more disturbance. Captain Foley took the stand in his own defense, and denied that he had tried to influence Mrs. Lansdowne's testimony.

TESTIMONY for the defense in the Mitchell court-martial was completed and arguments were begun. A number of aviators were called to tell of unwarranted hazards in night flying and bombing tests, and then Admiral William S. Sims, retired, was called. He told the court that many of the highups in the navy never had attended the naval war college at Newport and consequently were "ill-informed, ignorant and uneducated."

He asserted the capital ship of the future is the swift airplane carrier and that an adequate air force would be the salvation of the country in case of attack by sea.

Concerning the Shenandoah, Admiral Sims said: "If the motive of a flight is all military—if, for example, the navy says, 'We want you to go out and get storm risk data'—that is all right," the admiral testified. "If the motive is to pass over fair grounds, it is all wrong."

"In view of the loss of the Shenandoah, what is your view of the motive in that case?" he was asked.

"It did not seem to me correct at all," he replied.

Capt. Anton Heinen, the Zeppelin expert from Germany, was asked about the reduction of the Shenandoah's automatic safety valves from 15 to 10, and replied: "If I had known that before the Shenandoah made her fatal flight, I would have kicked up a hell of a row. The effect of the reduction of the valves was to reduce the safety of the ship from 100 per cent to zero. It made the Shenandoah absolutely unsafe."

PREMIER MUSSOLINI, now more than ever the master of Italy, opened the new session of parliament with a remarkable address in which he presented his budget of new laws which he frankly declared were intended to do away with the present "parliamentary" form of government, "inadequate for modern life," and to replace it with Fascism. He said it was impossible to hinder Fascism from the interior, and he warned all other nations that if menaces to his planned regime came from abroad the Italian nation would arise as one man. The deputies were given the tip not to waste much time in discussing the proposition because Fascist discipline would not tolerate it.

Chief of Mussolini's new measures are these: 1. A law to establish the ancient podestà instead of mayors, which gives the central government control even of the local political machines. 2. A law increasing the powers of the premier not only over every department of the government, but even not allowing the order of the day to be discussed in the chamber without his approval. 3. A law providing for confiscation of property and deprivation of the citizenship for Italians abroad "calumniating" Italy or its government. 4. A law creating co-operative boards of arbitration between capital and labor.

The premier also has called off all the Italian people to subscribe toward the payment of the debt to the United States, the funding arrangement for which was signed in Washington. American bankers enthusiastically approve of Italy's condition and prospects, for a group of them, headed by J. P. Morgan & Co., last week arranged a loan to the Italian government of \$100,000,000 to assist in the restoration of the gold standard and to retire the \$50,000,000 credit extended by Morgan to three Italian banks of issue last June for stabilization of the lira. The loan will take the form of bonds bearing interest at the rate of 7 per cent.

CONDITIONS IN SYRIA

from bad to worse from the French standpoint for the rebellious Druses are growing in strength and last week shifted the scene of their greatest activity to the Lebanon region. The French had armed a large body of Christian volunteers there, but these were badly defeated by the Druses, who captured a number of towns and a vast amount of loot. Sidon, on the Syrian coast, was threatened and the American missionaries there asked that a warship be sent from Beirut.

PRACTICALLY without opposition the British house of commons ratified the Locarno treaties. Mr. Chamberlain, in opening the perfunctory debate, dissipated the fear that Great Britain would be committed by the pact to go to war against its wishes. Replying to the charge that Russia had not been brought into the League of Nations at Locarno, he said the fault, if any, lay with Russia and not with the western powers. "The Russian government," he continued, "is not prepared to join the league on any terms whatever. Its fundamental objection being that the league is a society of nations based on a system which is not compatible with the view of the soviet government of what the world should be."

INVESTIGATION by government agents of the alleged national beer syndicate, the Chicago end of which is

alleged to have been doing a business of \$800,000 a month, resulted last week in the indictment of the Boston & Maine railway and 24 individuals. This, according to the district attorney at Chicago, is merely the "first batch." Among the individuals named are two policemen, several traffic managers, three prohibition agents, a number of brewery managers and employees and David J. Allen, former purchasing agent of the Atlanta pentagon, who has been mixed up in other liquor scandals. Allen is described as the leader of the entire conspiracy, and it is said he has fled to Europe.

The treasury last Wednesday revoked, effective December 31, every outstanding alcohol permit issued under the national prohibition law and an investigation was started to determine whether any of them should be renewed. The news of this action created consternation among the numerous concerns that have been drawing out alcohol vastly in excess of their normal and legal needs.

The house ways and means committee, following the advice of General Andrews, voted to impose a new tax of one-tenth of one cent a gallon on near beer and other cereal beverages, as a means of providing for inspection of all breweries.

OVER the protests of Chairman Green and most of the Democratic members, the ways and means committee voted retroactive repeal of increases in estate tax rates of the 1924 revenue act, effective on estates of all persons dying since that law became effective on June 2, 1924. If this feature of the new law is accepted by congress, the government will have to refund millions of dollars already collected.

GOVERNOR SORLIE of North Dakota has appointed George E. Nye to be United States senator to fill the vacancy caused by the death of E. F. Ladd. But as Mr. Nye was a supporter of the La Follette ticket in the last presidential campaign and might be expected to line up with the senate radicals, it is predicted that his seat will be fought by the regular Republican senators. The opposition will be based on a precedent established early in the Wilson administration when the senate refused to seat Frank P. Glass, appointed by the governor of Alabama, to fill a vacancy, because Alabama's laws fail to provide specifically for such an appointment. The North Dakota statute authorizes the governor to fill vacancies in state offices, but fails to mention the office of senator.

WHAT might have been a terrible tragedy was narrowly averted, when the Clyde liner Leauge caught fire at sea off the Delaware coast. After a thirty-mile dash, she steamed into the harbor at Long Beach, surrounded by other boats, and 867 persons, comprising all but one of her passengers and the entire crew, were taken off in safety and just in the nick of time. One man had jumped overboard and was drowned.

Damage estimated at \$200,000 was done by a conflagration that swept the Mississippi river docks at New Orleans. Great quantities of merchandise were consumed and for a time the wholesale business district of the city was threatened.

PRESIDENT COOLIDGE, addressing the New York State Chamber of Commerce, outlined his program of economic development, including inland waterways, railroad consolidation, further economy and efficiency in government departments, and extension of electrification, and elimination of waste in industry and commerce. He also urged that America join the World court.

HERE are a few brief items worthy of being recorded.

D. G. Stephenson, former Klan dragon of Indiana, was sentenced to life imprisonment for his part in the death of Madge Oberholzer.

George H. Jones, who started in business as office boy, was elected chairman of the Standard Oil Company of New Jersey.

General Feng and Marshal Chang of China signed a peace agreement. Twelve soviet officials were sentenced to death at Moscow for graft.

Amundsen's first drifting exploit was in the Gloa to make the westward passage of the Arctic above North America. He completed the voyage in 100 days. Next, in the Fram, he went to the other end of the earth, and succeeded in discovering the South pole, December 16, 1911.

On May 21, 1925, Amundsen and five others hopped off in two planes from the Spitzbergen islands to fly over the pole. The six returned June 18 in one of the planes, the other having been wrecked 150 miles from the pole.

Part of her crew perished in struggling over the ice to the mouth of the Lena river, in Siberia, and more died in trying to find a human habitation.

Three years after the crumpling, casks from the Jeanette were found on the coast of Greenland, giving evidence they had passed across the Arctic ocean.

A BOY'S OPINION OF THANKSGIVING

Mary Graham Bonner

When I go out to parties I never eat all I can. Yet they say that I must grow. So I'll become a strong man.

When I go out to dinner I have to be too polite. Yet if I don't grow a lot I'll be a miserable sight.

Once a year I get a chance And add strength and height this way.

I don't think boys could ever be men. Were it not for Thanks giving Day!

WHAT THANKSGIVING SHOULD MEAN TO US

Pilgrim Men and Women at Plymouth Set Example.

THANKSGIVING is a day unique in the list of holidays—not perhaps so unique in its conception as in the meaning which the day has come to have. We think of it as a day of getting together. The dinner is its symbol. Faith in the goodness of God and a reverent and formal prayer of thanksgiving for His bounty is its avowed purpose.

But its greatest profit to us may come from the thoughts it involves of that little band of hardy men and women who knew what it meant to face hunger; to know hunger and stick to an appointed task. That task happened to be the opening up of that new land which was destined to provide so abundantly for you and me who have inherited it.

They were sicklier—those from whom this heritage has come down. Hardy? Yes—but with a ruggedness that was not alone a physical attribute. They experienced the primal lessons: want, fear—and the need of strife. But they stuck. And they won. That first Thanksgiving day was for them a solemn rite. If they that band of Pilgrim men and women—could feel so honestly thankful for God's bounty, as it was measured out to them at Plymouth in 1621, what one of us in this day and generation but needs to be ashamed to feel less. It was a solemn occasion, but how could they else but be happy? Let us be happy on this Thanksgiving day. But, too, let us not forget—Frank H. Sweet.

Thanksgiving Praise

Alone, dear Lord, of all my nights and days, I cannot sing Thy goodness, far too vast For my weak utterance. Let me humbly essay Upon the sweep of universal praise My single tribute; let the morning raise My anthems for me; let the storied past, In varied halleluhs nobly missed, Exact the infinite story of Thy ways. Where'er the blossoms glad in loveliness bloom, Rejoice Thy beauty, or the bird's bright song, Has holy skill the Father's love to bless. Or where the shining stars through ages long The soul of worship silently express, Grant me a lowly place in that thanks giving throng. —Amos R. Wells, in the Continent.

In bed four months ... now a well man.

Gives Tanlac full credit.

Over twelve years of stomach misery had made a physical wreck of Jacob Ferdinand. He spent hundreds of dollars seeking relief but every attempt failed until he tried Tanlac.

This great tonic brought him immediate relief. "After seven bottles," he says, "I am a well and happy man. I will gladly talk to anyone personally and will answer all letters regarding my experience with Tanlac. For it proved a god-send to me."

*Authentic statement. Address on request.

Tanlac is Nature's great Tonic and builder. Compounded after the famous Tanlac formula, from roots, barks and curative herbs alone, it is absolutely harmless. Millions owe their health and happiness to this great remedy.

Don't let stomach trouble make your life miserable a day longer. Get a bottle of Tanlac at your druggist's at once. The first dose will make you feel better. You'll be a new person with the sparkling eyes and rosy cheeks that come from perfect health.

NOTE: For Constipation, take Tanlac Vegetable Pills, Nature's own harmless laxative.

Children Cry for

Fletcher's CASTORIA

MOTHER—Fletcher's Castoria is especially prepared to relieve infants in arms and children all ages of Constipation, Flatulency, Wind, Colic and Diarrhea, allaying

Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep.

To avoid imitations, always look for the signature of Dr. J. C. Fletcher. Absolutely Harmless—No Opium. Physicians everywhere recommend it.

Catty Mrs. Leonard—Mrs. Barker is thirty-three, but you couldn't tell it. Mrs. Lennox—Nevertheless, I will.

As Matters Stand "Canvasser—'Who's the head of the house?" Husband—(yelling)—"I am, my wife is in Europe."

Why, Uncle Jim! You look ten years younger!

"When I saw you a couple of months ago, I made up my mind you were getting old. At least you looked it."

"Yes, Billie, and I felt old. No appetite, couldn't sleep nights—one day just like another, and none of them any good." I knew constipation was at the bottom of it, but it seemed the worse laxatives I took the worse I got. Then one day I saw Nell giving Nujol to my little grandson. The doctor had prescribed it for the baby, but I found out it's just the thing for old fellows like me, too.

"I tell you, Billie, it keeps me feeling fine all the time. My appetite's back and I sleep like a child."

If I look any younger, Nujol gets the credit.

Nujol helps Nature in Nature's own way

Middle age brings on a decrease in the natural lubricating secretions in the intestine. Then you need Nujol. It supplies the deficiency of the natural lubricant. Medical authorities approve Nujol because it is gentle, safe and natural in its action.

Constipation is dangerous for anybody. Nujol is safe for everybody. Nujol simply softens the waste matter and thus permits thorough and regular elimination without overtaxing the intestinal muscles. It is not a medicine.

You can take Nujol for any length of time without ill effects. It should be taken regularly in accordance with the directions on each bottle. Unlike laxatives, it does not form a habit and can be discontinued at any time.

Ask your druggist for Nujol today and begin to enjoy the perfect health that is possible only when elimination is normal and regular.

"This is a dead town." You hear this statement every now and then from parties that are half or three-quarters dead themselves and want to make it appear that all the inhabitants of the village are in the same condition. There is no better way known to kill a small town than to keep repeating "it's dead." After a while these lugubrious words begin to mean something to some people and they really get to believing that while they live the village is dead. The real facts are this village, as compared with others of its class in southern Michigan, is very much alive. Jonesville Independent.

Dr. and Mrs. C. R. Keyport and daughter, Jane are spending Thanksgiving at the Jerry Miller home in Gladwin.

Mrs. Esbern Hanson and son Junior and Mrs. Oscar Hanson and daughters Margrethe and Ella drove to Detroit Wednesday.

Mr. and Mrs. James Olson and children of Oxford are spending Thanksgiving at the home of Mrs. Olson's parents, Mr. and Mrs. Hans Petersen.

Mr. and Mrs. Egge Bugby are entertaining R. M. Porter of Flint and George Marquette and a friend of Royal Oak, who are here deer hunting.

Fred Lanim, of Burke's garage, will leave next Sunday for Florida to spend a number of months. He will be accompanied by Mr. Marsh of Roscommon.

Mr. and Mrs. Benton Jorgenson and daughter, Elizabeth Jean of Ypsilanti arrived the latter part of the week to be the guests of the former's parents, Mr. and Mrs. Adler Jorgenson over Thanksgiving.

Walter Hammington returned to Detroit Tuesday night after a couple of weeks deer hunting, and as usual took home his deer. A couple of friends, William Morris and F. DeLonge, who were here with him were not so lucky.

Miss Vella Hermann came home last evening from Port Hope to spend Thanksgiving with her mother Mrs. A. Hermann. She was accompanied by William C. Masten and his mother who are her guests at her home for the remainder of the week.

Byron Randolph, age 15 years, son of Mr. and Mrs. J. W. Randolph, is very happy over killing his first buck. He brot the animal down on the first shot. Byron is probably the youngest nimrod in Crawford county to get his deer this season.

The dental office of Dr. J. C. McCann opened for service last Tuesday afternoon. Besides the equipment formerly used by Dr. Canfield, considerable new apparatus has been installed making this one of the most modern and best equipped dental offices in northern Michigan.

Dr. C. A. Canfield who has been taking post graduate dental work at the University of Michigan for the past month, was in the city Wednesday on business and dropping in on old friends. He assures the Avalanche that he will answer to roll call in Grayling next May 1st.

Thursday the ladies of the Bridge club responded to an invitation from Mrs. C. A. Canfield and Mrs. J. M. Miller and drove to Gladwin to be their luncheon guests. The day was beautiful and autos were on their best behavior, and the ladies in fine spirits.

They arrived in Gladwin at eleven o'clock with appropriate appetites. At twelve o'clock a fine three-course luncheon was served on small tables which were attractive with bouquets of bebe mums, nut baskets and place cards. The afternoon was spent playing bridge. Mrs. Robert Reagan, Mrs. A. J. Joseph and Mrs. Charles Tromble receiving prizes.

Mrs. George Wendt and children of Bay City are visiting her parents Mr. and Mrs. Charles Wilbur.

James Mowry of Detroit, is the guest of Miss Eva Ostrander and Mr. and Mrs. Ben Pankow at the Pankow home.

There will be a business and social meeting of the Epworth League at Michelson Memorial church, Friday evening, Nov. 27th, for all members who may have attended any of the meetings.

There will be a dance and oyster supper at South Branch Town hall Saturday night, Nov. 28, for the benefit of the Red Cross. Everyone is invited to come and help along the good cause.

Mr. and Mrs. Earl Keeley and daughter Evelyn and Mr. and Mrs. Lyle Bennett of Flint visited at the homes of A. J. Bennett and Carl Thurston the past week. The men came to hunt deer.

Mrs. Chas. Waldron was delightfully surprised when about twenty-five of her friends walked in to help celebrate her birthday. A pot luck lunch was served and a good time was had by all. Mrs. Waldron received many lovely gifts.

George Ensign, of Frederic, was arrested Saturday night by Sheriff Bobenmoyer for violating the prohibition law. Ensign had in his possession a half gallon of liquor and several bottles of beer. He was released on bonds for trial at the next session of circuit court.

Monday afternoon, Sheriff Bobenmoyer brought Albert Strzynski to the county jail, after searching the Chalker farm at Maple Forest, where he found two stills, 30 gallons of mash and five gallons of liquor. He will be taken to Bay City Tuesday for arraignment before the United States commissioner.

Frank Sales invited to his home last week Thursday night the county officers to assist in celebrating his birthday. Ralph Hanna, chairman of the road commission, also was celebrating another annual at that time so shared in the honors of the evening. A fine banquet was enjoyed and a pleasant social evening followed. Highway Engineers H. A. Clemetsen and Guy Green of Alpena and Tom Daugherty, salesman for the Potter Stamp Co., of Saginaw were out of town guests.

A dinner of elegant appointments was given the ladies and gentlemen of the Bridge club Saturday evening at Shoppenagon Inn, the hosts and hostesses being Mr. and Mrs. Henry Bauman and Mr. and Mrs. Oscar Hanson. The dinner was served on small tables centered with bebe chrysanthemums while individual bouquets graced each place. The evening was delightfully spent at the home of Mr. and Mrs. Bauman, where the guests filled six tables for bridge. Mrs. Oscar Schumann and Mr. Marius Hanson held the highest scores.

NEWS

of interest to every man and woman

THE most astonishing demonstration ever held will be given in our store.

It will introduce the most important contribution to music since the invention, 30 years ago, of the Victor Talking Machine

Don't miss it! It will be one of the most amazing demonstrations you have ever heard. It will astonish you. It will hold you spellbound. You will be utterly surprised... delighted... and grateful.

You will hear the most marvelous exposition of music in the world. The more critical your attitude toward music, the more astounded you will be.

A few people have heard this miraculous instrument, and to say that they have been amazed is but a meager description. Fritz Kreisler, Ernestine Schumann-Heink and John Philip

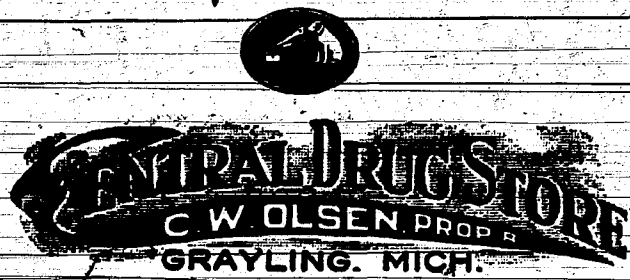

Sousa have listened and marveled. All classes of music will be played and sung by Victor's own incomparable artists. No matter what you plan to do next Monday, do not miss this demonstration. You will never forget it.

Come to our store any time after nine o'clock during the day of November and in every city, in every state in the United States, this miraculous instrument will amaze and capture the people who hear it. Victor Day will be a nation-wide event. The new Victor instrument will make musical history.

HEALTH SUNDAY NOVEMBER 28TH

A nation-wide observance on the part of the churches and clergy of America will characterize the last Sunday of this month which has been set aside as Health Sunday. In a vast number of churches a portion of the sermon hour will be given over to a discussion of the crusade against tuberculosis, which is being waged by the national, state, and local tuberculosis associations. The long story of the plague, acknowledged to be the most terrible in history because so unrelenting, will be told. The scientific aspects of the fight against the disease and its philanthropic aspects will be touched upon. Clergymen will almost unanimously, from the pulpits

of all denominations unite in urging upon their people the importance of giving their support to the hosts arrayed against tuberculosis.

Health Sunday in Michigan has the active endorsement not only of the clergy but of Governor Grosbeck who says, "In the daily round of our busy lives it sometimes happens that we intentionally forget our obligations to the afflicted. It, therefore, seems fitting to me that Sunday, November 28th, should be set aside in Michigan, as I understand it is throughout the nation as a day for considering in our churches man's great scourge, Tuberculosis."

PRICE-CLARK NUPTIALS SOLEMNIZED IN DETROIT

St. Paul's Cathedral, Detroit was the scene of a very pretty wedding on Wednesday afternoon of last week, when Miss Kathryn Edna Clark, daughter of Mr. and Mrs. E. G. Clark of this city became the bride of Mr. Andrew James Price of Roscommon. The ceremony took place at three o'clock, Rev. Allen N. McAvoy officiating.

The bride was most attractive in a gown of light green silk georgette trimmed with rhinestones and seeded pearls. She wore a picture hat of gold lace and gold and silver broad-edged slippers with hose to match. Her corsage was of bride's roses and lilies of the valley. Mrs. George N. Olson of this city, attended her sister as bridesmaid. She was attired in a gown of King blue velvet, with black hat and black satin slippers and silver hose. Her corsage was of pink and white roses tied with tulle to match. The bride chose for her maid of honor, Miss Viola Eichner of Detroit, who wore a frock of green silk georgette of a light shade trimmed with rhinestones. A bandeau of green tulle and corsage of roses completed her costume. Mrs. J. A. O'Rourke as matron of honor wore rose colored silk with corsage bouquet to match those worn by the bridesmaid and maid of honor.

Mr. Harry Fairchild of Detroit performed the duties of best man, while John J. Gamble, a cousin of the groom gave the bride away. Mr. J. A. O'Rourke of Detroit also attended the wedding party.

The bridal party entered the church to the strains of Lohengrin's wedding march and at their departure Mendelssohn's wedding march was rendered.

At 8:00 in the evening a very elaborate banquet was served at the Elliot hotel, an exclusive hostelry of Windsor. Here the bride's chosen colors—pink and white were carried out most effectively. The bridal table was beautiful with baskets of roses which were presented to the bride. A six course dinner was served.

The bride was the recipient of many beautiful gifts, that from the groom was a handsome four-strand pearl bracelet set with rhinestones. Mr. Fairchild, the groomsmen presented the bride with a lovely pearl necklace of three strands set with blue sapphires and rhinestones.

Mr. and Mrs. Price returned to Grayling Friday night and were guests of the bride's parents for a few days before going to Roscommon, where they will reside. After the holidays they expect to take an extended southern trip through Florida and other cities in the south.

8 INJURED IN AUTO WRECKS

MAN DRIVES CAR INTO SIDE OF LOCOMOTIVE AT VANDERBILT

Three Of Injured Persons Brought To Mercy Hospital

Two serious auto accidents took place near Gaylord last Friday night in which eight people were injured. At Vanderbilt, eight miles north of Gaylord, about 12:30, the night train on the Michigan Central going south had made its stop and received its signal to proceed when an automobile occupied by five men came down the street at a speed estimated at about 50 miles an hour, hitting the locomotive broadside, totally wrecking the automobile and breaking the eccentric and knocking the pistons from the engine.

West Sudman, one of the occupants of the automobile, had his leg broken and was brought to Grayling-Mercy hospital. Thee London, of Atlanta, Pete Growski, of Meigs, Clyde Hunt of Hillman, received many minor bruises while the fifth member of the party escaped injury. For more than an hour the train crew worked in extracting the auto from the engine and it was necessary to send to Mackinaw City for an engine to complete the run to Detroit, making the train more than three hours late.

Johannesburg Parties Injured In Auto Accident

Returning to their homes at Johannesburg, Saturday afternoon William Waters and son, Bert, living on a farm near that village and Neil Downing, son of the hotel keeper of that place, were hit by the gasoline car on the Boyne City-Gaylord-Alpena railroad, two miles east of Gaylord. Mr. Waters had both legs broken, Bert escaped with minor injuries and Neil Downing was hurt internally. Waters and Downing were brought to the hospital here.

Young Waters who was driving the car, could not see the approaching train until they were upon the track and instead of giving more gas to his car as the train was upon them, used his emergency killing his engine. The automobile was totally wrecked.

R. GILLET AGAIN HEADS B. OF T.

At the meeting of the board of directors of Grayling Board of Trade held Tuesday evening, Robert H. Gillett was re-elected president for the ensuing year, being the unanimous choice of the directors.

T. E. DeLeon was re-elected vice president and B. E. Smith, secretary-treasurer.

The new standing committees for the ensuing year will be appointed soon, when the list will be published.

There is considerable work laid out for the Board for the year and the best kind of cooperation on the part of the officers and members are essential if the Board is going to get anywhere. The Secretary, B. E. Smith is especially to be commended for the large amount of work he has done, for which he receives no remuneration whatever, and the Board of directors are very grateful that he consented to act again this year.

Let's have a banner year; an increased membership and more concerted action and see if we cannot, before another year closes, bring in our community an increase in prosperity.

GOOD FELLOWSHIP CLUB NOTES

The Good Fellowship club enjoyed a theatre party Monday evening. They saw Thomas Meighan in "Irish Luck" which was very good. After this they went to the home of Mr. H. A. Bowman. Secretary B. E. Smith of the evening was spent playing bridge and other games. Mrs. Alexander and Mrs. Larsen were prize winners.

WOMAN'S CLUB NOTES

Mrs. Frank Anstett was hostess to the Woman's club Monday evening. Meeting was called to order by the president, Mrs. Gocho.

U. S. CIVIL SERVICE EXAMINATION

An open competitive examination under the rules of the U. S. Civil Service Commission is announced for the position of Postoffice clerk in the postoffice at Grayling, Mich.

Receipts of applications will close December 2, 1926. All persons wishing to take this examination should secure blanks and file their applications prior to the hour of closing business on the date above specified.

Blanks and instructions may be obtained from the postoffice at Grayling, Socy 2th U. S. Civil Service Bldg., 13th Floor Federal Bldg., Chicago.

RESCUE ALL BUT ONE FROM BURNING SHIP

367 Persons Saved From Liner Lenape—Craft Ablaze From Stem to Stern.

Lewes, Del.—Rescued from the blazing Clyde liner Lenape while the flames from its flaring superstructure lit up the water of the Delaware breakwater, 367 persons—all but one of its passengers and crew, were safely landed here at the end of a frantic 10-mile dash from the sea.

One man, Robert Leverton, sixty years old, of 17 Factory place, Wilmamsett, Mass., lost his life. He leaped from the burning vessel when flames burst through the deck and was drowned. His body, with a life belt about the knees, was found by a fisherman.

The ship is believed to be almost a total loss. In the early morning hours, while passengers and crew leaped from her or slid down lines to the safety of rescue boats, she was swept with flames from stem to stern. She was scuttled inside the breakwater.

More than a dozen persons, most of them passengers, were hurt or suffered from exposure. None was seriously injured. Many of those brought ashore, including a number of women and children, were scantily clad. The Presbyterian church was thrown open to receive them.

Army-Navy Trials Clash Over Expert Air Witness

Washington.—The army court-martial trying Col. William Mitchell on charges of insubordination and on a navy court of inquiry into the Shenandoah disaster overlapped in their investigation, with a clash between the two hearings over which should have the right to hear Maj. Frank M. Kennedy as an aircraft expert. The court-martial issued the first subpoena.

Maj. Kennedy was questioned by the military court-martial as to many technical details of aviation, supporting Colonel Mitchell's theory that the use of calcium chloride in the Shenandoah's motors had a destructive effect on the engine's framework.

Admiral William S. Sims, retired, told the court-martial that the trouble with the navy was ignorance on the part of high-ranking officers, due to lack of modern special training such as could be given by the naval war college.

Flames Sweep French City; Loss Estimated at \$400,000

Paris.—Fire destroyed the town of Toulon, a seaport in southern France. The loss was estimated at \$400,000. The fire started in the old arsenal and soon reached the surrounding buildings and great piles of old wooden boxes and refuse, lighting up the countryside for miles around. All efforts failed to quell the blaze, however, and soon the huge newly-installed electric plant, full of new American machinery, was in flames, plunging the town into darkness.

All Alcohol Permits to Be Revoked December 31

Washington.—The government revoked, effective December 31, outstanding alcohol permits issued under the federal prohibition law. Simultaneously a sweeping investigation was begun to determine whether any or all of the permits should be renewed.

The revocation decision was signed by Secretary Mellon and C. H. Nash, acting commissioner of internal revenue.

\$2,000,000 Fire Destroys Docks at New Orleans

New Orleans.—Fire which broke out on the Mississippi river docks caused damage estimated at more than \$2,000,000. It was believed to have been brought under control.

Fanned by high winds, the flames threatened millions of dollars in coffee and other merchandise stored temporarily on the docks. The wholesale and business district of the city was for a time believed to be threatened.

Commons Votes 385 to 13 to Ratify Locarno Pact

London.—"These treaties do not make war impossible, but they render war infinitely more difficult," said Foreign Secretary Austen Chamberlain in the house of commons. The house was crowded to hear the foreign secretary propose the ratification of the Locarno pact.

Shortly after eleven o'clock the house of commons voted ratification of the pact by a vote of 375 to 13.

CRAWFORD CO. FIRST OVER THE TOP

The Crawford County Chapter of the American Red Cross is the first county to complete its quota of memberships of any county in Michigan and of any of the states in the central division consisting of Michigan, Wisconsin, Illinois, Indiana, Missouri and Iowa.

The drive opened on Armistice day and our quota of 200 members was signed up before the day was over. Crawford county first over the top and over subscribed sounds quite like old war days.

A fine letter of congratulation has been received by our Chapter officials from the Central Division, of St. Louis, Mo.

While our membership quota is filled the local chapter is still in need of more funds with which to carry on the years work. The expenses of the county nurse are paid from the chapter funds, and much good is derived from service that is being given by the nurse.

Washington Wins Second Consecutive League Flag

Washington.—Washington captured its second American league pennant, and will face Pittsburgh, which elicited the National league title, in the world series, starting at the turner city October 7.

The American league race ended suddenly, as the champions won two games from Cleveland while St. Louis came from behind to nose out Philadelphia, sole remaining contender, in an 11-inning contest. The Senators won the first game 4 to 3 in ten innings, and the second, 6 to 2.

It happened so quickly that apparently none—but the rabid fans—who had figured out the mathematical chances of Washington and Philadelphia, were aware that the Senators had won the pennant.

Maharajah of Kashmir Dies; Hari Singh to Get Throne

London.—News reached London of the death in Kashmir of Sir Ibrahim Singh, maharajah of Kashmir, and of the probable succession to the throne of his nephew, Sir Hari Singh, central figure of the "Mr. A" case in the London courts last year. Sir Hari was blackmailed by a gang who used as a decoy Mrs. Robinson, pretty wife of a broken-racetrack gambler, and obtained \$100,000 (\$500,000) from the young Indian prince.

It is virtually certain that Sir Hari will succeed to the throne.

The throne of Kashmir is one of the wealthiest and the country one of the most romantic regions in India. The income of the ruler is more than \$5,000,000 yearly.

Robert Goelet Makes Third Plunge Into Matrimony

New York.—In his marriage to Miss Roberta Willard at her parents' home at Fairhaven, near Newport, R. I., Robert Goelet, multimillionaire son of the late Ogden Goelet, is making his third plunge into matrimony.

His first wife was Miss Elese Whelan, noted society beauty of Philadelphia, whom he married in 1904. After a decade of happy life temperamental differences arose, and in March, 1913, Mrs. Goelet was granted a divorce in Newport, R. I.

In 1919 Goelet married in Paris Mme. Fernanda Rimnitchinsky, the former wife of Prince Nicholas Rimnitchinsky of Russia.

Goelet is said to be worth about \$10,000,000.

Latvia Makes Debt Agreement With U. S.

Washington.—In the midst of the important French war-debt negotiations Secretary of the Treasury Mellon paused long enough to sign a war-debt funding agreement reached with the Republic of Latvia. The indebtedness represents obligations received in connection with the sale of war supplies by the secretary of war and obligations received from the American relief administration on account of relief supplies furnished on credit.

Doris Keane Gets Divorce

New York.—The romance of Doris Keane has been shattered. Just back from abroad she revealed that she had obtained a divorce in Paris from Hugh Sydney, who long made stage love to her.

Old Shot Tower

Mrs. W. R. Palmer of Carrollton, chairman of the committee on historic sites for the Daughters of 1812, is carrying on negotiations with a big lead smelting company for the acquisition of the old "shot tower" at Herculaneum, Jefferson county, Mo., overlooking the Mississippi river. From a cliff 100 feet high at this point, says the Kansas City Star, bullets were molded for use in the War of 1812 by dropping the hot pellets of lead. A painting of the "shot tower" is among the historical pictures of the walls of the state capitol. Mrs. Palmer will ask that the "shot tower" be given the Daughters of 1812 to be preserved as a historic site.

The Obscure Point

The bluff old Colonel was telling a jungle story in the club coffee room. "Yes," he exclaimed dramatically, "it was in the dead of night. Outside was a roving elephant bent on destruction. I crept out and shot dead in my pajamas."

"But, colonel, how did the thing get into your pajamas?" drawled one of his listeners. London Weekly Telegraph.

The 200-mile extension of the Seaboard Air Line in Florida is said to be the straightest railroad in the world. It has but eight curves.

Michigan Happenings

A 13-story town hall, to cost \$3,000,000 and to provide accommodations for the Second-Scientist Church, the Peninsula Club, a theater, and the Young and Chaffee Furniture Store, at Grand Rapids, is a proposal to be placed before each of these organizations at once, it was said recently. The church organization, composed of those who withdrew from the First-Scientist Church a few years ago, has called a conference on the subject with city officials for Dec. 1. Miss Jessie Bonstelle, Detroit theater owner, has been invited to attend.

Farmers have the right, under the State laws, to prohibit hunters from trespassing on their land, the Attorney-General ruled recently. The Michigan State Farm Bureau requested an opinion relative to the case of Glen Peck, Calhoun County farmer, who started a trespass suit against George Burrows, of Battle Creek. Peck had his farm posted, Burrows, hunted on it without permission. The Calhoun prosecutor dismissed the suit on the ground that the statute does not authorize farmers to keep hunters off posted land.

About 200 members of trade unions and their representatives from Ann Arbor, Battle Creek and Lansing, attended a banquet of the American Federation of Labor at Jackson, H. H. Broach, of Washington, D. C., an officer of the Electrical Workers' Union, addressed the meeting. He said the only progress in society for the laborer can come through organized labor. William Collins, representative of the federation in Detroit, said that the trouble in America is not over-production but under-consumption.

No more prosecutions will be started in Genesee County under the State law requiring registration of all firearms within 30 inches. This announcement was made at the prosecuting attorney's office at Flint after Circuit Court Judge James S. Parker had declared the law unconstitutional and dismissed a case against John Carlisle. Judge Parker ruled the law was invalid because it did not become effective until Aug. 27, while it required all registrations to be completed by July 1, last.

Failure of the highway commission and the Grand Trunk to agree on the details of the project caused the State Public Utilities Commission to order another hearing on the proposed twenty-fourth street grade separation at Port Huron. The hearing will be held Dec. 1. It was said that Highway Commissioner Frank F. Rogers modified his original plans for the separation and the railroad has failed to approve the changes.

Will Rogers, actor and humorist, will appear in the Hill Auditorium, Ann Arbor, next Wednesday evening, under the auspices of the Ann Arbor branch of the American Association of University Women. He is to be assisted in this program by the De Resque Singers. Mr. Rogers has chosen for his part of the program the following subjects: "All I know is What I Read in the Newspapers" and "Great Men I Have Met at the Stage Door."

Donald B. MacMillan, Arctic explorer and lecturer, will speak in the Hill Auditorium at Ann Arbor Nov. 30, under the auspices of the Kiwanis Club. The funds obtained from this lecture will be used in recreational work for the crippled children at the University Hospital. Dr. Walter N. Koels, of the Bureau of Fisheries, who accompanied the explorer on his recent trip in the north, will introduce Mr. MacMillan.

Four new Curtiss Hawk pursuit planes will be brought to Selfridge Field within the next few days by fliers of the First Pursuit Group who left the field for New York where the ships have recently been completed by the Curtiss Airplane & Motor Co. With the arrival of the new machines, the plane complement at Selfridge will be 18 ships suitable for combat duty.

Henry Opal, founder and president of the Hubbell-National Bank, and pioneer resident and business man of the district, died at his home last week, following an illness extending over more than a year and a half.

John Doney, 58 years old of Owosso, the oldest member of Quackenbush post, G. A. R., both in point of years and of membership, died last week after an illness of six days. He joined Quackenbush post in 1894. He served four years in the Civil war.

Mayor Hoyt Townsend has reconsidered his resignation at the request of the council and will continue in office. Mayor Townsend gave ill health as his reason for resigning, but says his health has improved in the past two weeks.

An injury to one knee, suffered when he bumped into a small wagon several weeks ago, proved fatal to James Coon, 11 years old of Owosso. At first the injury was not noticed, but later infection set in.

For the first time since the State undertook the enlargement of the Marquette Branch Prison, the institution is housing more convicts than it has cells for. A recent count showed a population of 752. More than 30 men are sleeping on cots placed in cell block corridors.

The school board has decided to put to the voters on Dec. 7 the question of whether \$480,000 in bonds shall be issued for a new junior high school building at Battle Creek.

New Town on Suez

A new town, known as Port Faud, is to be built on the Suez canal, opposite Port Said. Several hundred houses have already been erected. The town will be placed administratively under the governor of the canal and the government has reserved for its own use 15,000 square meters out of a total of 210,000.

It is doubtful whether saving a nickel here or a dime there is worth the expenditure.

W. N. U., DETROIT, NO. 48-1028

Potatoes will cost Detroit housewives much more than present prices before the end of winter, according to persons who, in the public mind, have been accused of manipulating the market. They predict that the high level will approximate prices just after the war, when profiteering was the thing. The big bulge is expected in February. The reason assigned is that the crop is short 40,000,000 bushels in the United States. The forecast was made by representatives of the Michigan Potato Growers' exchange and others. The exchange controls most of the production in the Michigan Potato belt. Its headquarters are here, and its slogan says: "We oppose gambling in food products."

Responding to a sweeping arraignment of Central high school pupils last week by Mrs. Fred M. Ray, president of the State Parent-Teachers' Association, the Rev. R. H. Huber, pastor of Trinity English Lutheran church of Grand Rapids, said: "I am not at all in sympathy with the many indictments of our young people. Mr. Huber read a statement by Claude F. Switzer, principal of Central, in which he supported that school's claim to good scholarship standards which were assailed by Mrs. Raymond, who said, 'to do well in your studies at Central is not the thing.'"

Declaring the League of Nations, the world court and the recent peace treaties signed are indications of a change of attitude of the world toward war, E. H. Ryder, dean of history at the Michigan State College, in an address before the North Side Commercial club, painted a rosy picture of the outlook for peace. Dean Ryder recently returned from an extended study of conditions abroad and he asserted that his investigations have convinced him "that economic pressure is forcing the regime of hatred into the background."

The Iowa Ministerial association, at a meeting recently made extensive plans for the observance of Thanksgiving day. There will be a union service at the Church of Christ, with Rev. W. F. Kendrick, pastor of the Methodist church, as the speaker. Rev. Thomas Leary, Parker, rector of St. John's Episcopal church, president of the association, will have charge. All churches of the city will join in the services.

Four men are under arrest and federal officers are guarding what they say is one of the biggest whiskey distilling plants ever discovered in Western Michigan following a raid late Saturday on a farm in Paris township. Several large stills, 15 barrels of moonshine and about 400 barrels of malt were seized. Those held are Peter Franko, Leo Torre, Sam Cillis and Rex Slater.

Harold Peterson, 25, assistant postmaster at Gladstone, is held following his alleged confession to postal inspectors that he embezzled \$2,900 of government funds by paying gambling debts. Government inspectors said Peterson probably will be taken to Mackinac Island to await trial before the federal commissioner. Peterson, who is married, falsified postoffice records at C. O. D. accounts.

Mike Allen, 50 years old, was accidentally shot and killed by his son, 12, while they were hunting rabbits near Paw Paw. The two had chased a rabbit into a brush pile. While the elder Allen was on his knees pointing a shot into the brush the rabbit jumped out. The boy fired just as his father rose to his feet. The entire charge of shot entered Allen's left side.

A hearing on the petition of the Detroit, Toledo & Ironton Railroad for permission to discontinue passenger service from Flat Rock to Wyandotte and Detroit and to install passenger service on its shorter line running from Flat Rock to River Rouge, was held by the State Public Utilities Commission recently. Members indicated the request would be granted.

Receivers for the Detroit United Railway have accepted the ordinance passed a week ago by the city commission by which the D. U. R. is permitted to increase its rate of fare on Pontiac lines from five to seven cents, effective Thursday, Nov. 19. The acceptance was all that remained to make the agreement binding.

First Crop Paid for His Land

"IN 1920," says Mr. Adolph Bellard, of St. Paul de Metis, a district in Alberta, Canada, "I had twenty-five acres of wheat, which yielded forty bushels per acre."

Forty bushels per acre!

With wheat at, say, \$1.50 per bushel, forty bushels give a return of \$60.00 per acre.

Yet you can buy land in Canada capable of growing the best wheat in the world for \$15.00 to \$20.00 per acre!

Started With \$1,500.00 Now Worth \$20,000.00

Adolph Bellard came to Canada from Rice Lake, Wisconsin, in 1911, with \$1,500.00 capital. He settled in the "park" country of Central Alberta—mixed prairie and woodland. To-day, he is worth \$20,000.00, owns a half section of fine, rich land, with good buildings, and all the necessary livestock and equipment. "This is a splendid country," says he, "with plenty of water, trees and shelter for cattle, which run out all winter."

There is a New Opportunity For You in Canada

Canada, your great and busy neighbor, offers you a new opportunity such as is not to be found in older lands. Canada, with its rich low-priced lands and bigger crops at lower cost, is a country of real opportunity. Think of the advantages for your boys and girls to grow up where fertile farms of their own may be had at low cost.

Canada, your near neighbor, just across an imaginary line, offers you this chance: friendly folk, thrifty, law-abiding and industrious. You will enjoy free political institutions, free public schools, and an ordered Government, based on the free will of a free people.

Canada has great areas of rich, fertile, virgin land awaiting improvement along the railroads, at prices ranging from \$15.00 to \$20.00 per acre. Fully improved farms at somewhat higher prices, with long terms of payment if desired. Free homesteads, further back, for pioneers. This is the supreme chance of the present generation. Primogeniture

The law of primogeniture is a law of inheritance by which the eldest son takes by descent the real property of the deceased ancestor. This rule of descent, due to the feudal system, has since disappeared everywhere except in England. It was introduced with the rest of the common-law system into the American colonies, but was abandoned and abandoned by them at an early period.

FORMER LEAGUE BALL PLAYER NOW SUPERINTENDENT OF BELLEVILLE COAL MINE

"Bob" Groom Recalls Days When Ball Was Played for the Actual Sport of the Game, Without Huge Incomes as An Incentive.

In the Encyclopedia Britannica some day one will read: ROBERT "BOB" GROOM—American, sportsman; at one time big league ball player. Home, Belleville, Illinois. Played ball about twelve years, eight years of which were devoted to professional playing. As a member of the Coast League Groom was bought by Washington, at which he and Walter Johnson were the principal pitchers; played with St. Louis Federal, which team later was absorbed by the Browns; later went to the Cleveland, after which he retired from professional playing to devote time to the building of a home team, known as the "White Rose." Later became mine superintendent. Home address, 5124 West "A" street.

To his thousands of friends Groom is known as a true sportsman. He played ball because he loved the horseshoe ball. He played, like his team companions, to beat the other team first, last and all the time whenever and wherever it was humanly possible to slip over the greatest number of runs. There are little, it is said, about the great American game ten years ago. It was "best team win."

Groom Prefers Indu.

"If anyone believed that superintending a coal mine is a sort of summer job he is welcome to try it. There were many unpleasant things in coalmining, not the least

among them being dampness. Many men working about coal mines contract malaria. Just why it is hard to explain, but hardly a day passes that some of the men do not complain about pains shooting all over them, etc. To get rid of this and a general tired feeling I commenced taking INDU. I was following suit of the family and most of the people of Belleville. Just had to be in style, as the phrase goes.

"INDU has proved its worth to my full satisfaction. I have taken five bottles and I can honestly praise it as a splendid all-around toning up tonic.

"While I'm not stuck on newspaper publicity, yet I am glad to say a good word for INDU because I believe in it."

Mr. Groom is superintendent of the Richmond mine, Belleville.

NOTICE OF MORTGAGE SALE

Default having been made in the payment of the money secured by two certain mortgages, one executed by George N. Sheldon, of Broadwater, Nebraska, to the Frederic Bank of Paul R. Dinamore & Company, of Frederic, Michigan, which mortgage was recorded in the Register of Deeds office of Crawford County, Michigan, on the 8th day of June, 1920, in Liber H of mortgages, on page 351, and the other mortgage, dated February 26th, 1921, being executed by George N. Sheldon and his wife, Lydia A. Sheldon, of Frederic, Crawford County, Michigan to Sarah E. McKay, of the same place, which mortgage was recorded in the Register of Deeds office for said county, on March 1st, 1921, in Liber H of mortgages, on page 337, which last mentioned mortgage was assigned by assignment, dated April 1st, 1921, by said Sarah E. McKay to the Frederic Bank, which assignment was recorded in the Register of Deeds office for said county, on July 27th, 1925, in Liber F of mortgages, on page 624, and the sum of Thirteen Hundred Twenty-four and 80-100 (\$1324.80) dollars, is due on said mortgages jointly on the date hereof, for principal and interest, the notes secured by said mortgages having been consolidated into one renewal note of the principal in the sum of Twelve Hundred Eighty (\$1280.00) dollars, and to which is added an attorney's fee of Thirty-five (\$35.00) dollars, as provided by statute, and no suit or proceedings having been instituted at law to recover the debt now claimed to be due on said mortgages, or either of them, or any part thereof, both of said mortgages will be foreclosed by sale of the premises hereinafter described by virtue of the power of sale contained in said mortgages, which sale will be made at public auction, at the front door of the court house, in Grayling, Crawford County, Michigan, (that being the place where the Circuit Court for the County of Crawford is held) on the 2nd day of November, 1925, at twelve o'clock noon, which premises described in said mortgages are as follows:

All those certain pieces or parcels of land situated and being in the Township of Frederic, County of Crawford and State of Michigan, to-wit:—

The Southwest quarter (SW 1/4) of the Southwest quarter (SW 1/4) of the Northeast quarter (NE 1/4) of the Southwest quarter (SW 1/4) of the East one-half (E 1/2) of the Northwest quarter (NW 1/4) of the North one-half (N 1/2) of the Southeast quarter (SE 1/4) of all in Section twenty-six (26), Township twenty-eight (28) North, Range four (4) West.

Dated July 25th, 1925.
